

Alan Pontet Driving Tuition

Driving for Life

Tariff (prices)

This tariff should be read in conjunction my website www.alanpontetdrivingtuition.co.uk including the document *Conditions and Guarantee* and which includes payment and discount terms and a description of differential pricing used in this price structure. As with other goods and services, the more you buy the less you pay overall, and the shorter the notice with which you book appointments the more you are likely to pay - especially if someone else's appointment has to be re-scheduled to accommodate you.

If paying in cash, please try to bring the exact money - I am not a cashier and I do not carry change; any overpayment shall be carried over to your next appointment, and I do not accept underpayment. Payment online is more secure, especially since it avoids either of us carrying around large quantities of cash.

*My morning start time is 09:00 (09:30 if you live and/or we meet beyond Crawley). I am not available for driving tests scheduled before 09:00 (09:30 if you live and/or we meet beyond Crawley). If you want to include a driving practice appointment before your test appointment, you should schedule your test appointment to allow practice time beginning not earlier than 09:00 (09:30 if you live and/or we meet beyond Crawley) and to arrive at the test centre about 15 minutes before your test appointment.

Try-it-and-See!

Course Blocks

Each of us learns at our own rate, and you know best how you learn. Our learning rate can be influenced by several factors including frequency of practice - see on my website a link to a table of Age and Hours and the document Attendance. A general recommendation is that you plan at least one appointment per week and which can be 1 hour or 90 minutes or 2 hours. A bulk purchase is more economical and gives you flexibility with your appointments plan - and you can spread the cost - see below.
